

# REMOVE HR9

## READY-USE HAZE REMOVER PASTE

### APPLICATIONS

Removes stains, haze, ghost images from mesh for screen recycling.

### CHARACTERISTICS

- ◆ Powerful fast acting gel works in minutes
- ◆ One part, ready to use formula removes the toughest stains
- ◆ Low odor during use with pressure washer

### FEATURES/BENEFITS

- ◆ Fast and easy application with stainless steel scoop coater
- ◆ Non-drip and works only where applied

### DIRECTIONS FOR USE

After ink and stencil removal, spread gel on stained areas of mesh. Apply by coating with stainless steel scoop coater, 2 coats on each side of screen, or spread gel on screen with brush or screen scrubber. Let sit for 7 to 10 minutes, a longer time may weaken mesh. Pressure rinse screen from bottom to top with a pressure washer keep nozzle close to screen. Flood rinse screen with a garden hose to remove any residue after the pressure rinse. For very tough stains, dry screen before application.

### HEALTH AND SAFETY

Before using, refer to appropriate material safety data sheets.

+ MSDS available at  
<http://msds.saatiexpress.com/haze-removers/>
