# SAATI

# Register Check
Preview Resolvable Detail at Different Exposure Levels

Register check is a transparent polymer sheeting which allows the circuit printer to prove registration without printing a production board. Available in 0.003 and 0.005 mil thickness. Register Check, with its low tack adhesive and solvent-resistant base, has been field and laboratory tested with plating resist and solder masking materials.

| Specification | |
| --- | --- |
| **RC18** | 3 mil 18" x 200 yards |
| **RC24** | 3 mil 24" x 200 yards |
| **RC5L18** | 5 mil 18" x 200 yards |
| **RC5SL18** | SUPER LIGHT |
| **RC524** | 5 mil 24" x 200 yards |
| **RC5SL24** | SUPER LIGHT |
